

National Freight and Supply Chain Strategy

2020-21 Highlights

This year, we have seen great progress under the Strategy, with lots of completed project-level actions nationally. See some highlights by jurisdiction in 2020-21:

Western Australia

A Performance Based Standards Policy was established and implemented.

Northern Territory

The Time Traffic Congestion Management System was completed.

Queensland

The \$635 million Warrego Highway upgrade Program was completed.

New South Wales

The M4 Smart Motorway was completed and opened to traffic.

South Australia

The Adelaide to Tarcoola re-railing project was completed.

Victoria

An independent review of the Victorian Ports System was completed.

Tasmania

Continued safety improvements on the Midland Highway were completed.

Australian Capital Territory

Safety improvements on the Monaro Highway were completed.
